There is nothing to fear.
All our fears are unfounded.
There's nothing to do but accept, relax, and flow with it.
Let your body go . . . let your body go!
It is no longer a part of you
It never was you, really
You are pure consciousness
You are pure light
Do not fear darkness, do not fear pain
Don't resist anything
Any forms you see or feel are pure energy
You are pure energy
You are one with all of creation
You are not 'dead' — you are life energy
. . . flow with it . . .
. . . float in its bliss . . .
Let us all celebrate life!
A dance of the forces of creation
and destruction
